Executive Panels

Raised Decorative Panels

The look of these are sensational as they are raised from the steel door and not embossed like standard steel door systems. These high definition panels are installed like a door glass insert and will have the same look in and out. All white door systems will come with a PVC frame and all painted systems will come with aluminum frames to avoid any warpage or movement.

Decorative panel, urethane insulation, many sizes available.

Fiberglass Collection

Superior Oak, Mahogany and rustic skin techniques with high definition panel embossments provides an authentic looking wood grain finish. We capture and feel the warm texture of real wood without the disadvantages of a wood door's natural deterioration. The rot resistant composite rails are waterproof to prevent moisture from entering the door core and will never splinter like standard wood doors. Rigid structure prevents bowing and warping in extreme temperatures. The fiberglass skin is resistant to dents, dings, splintering and corrosion. CFC free polyurethane core, environmentally friendly, rigid core to provide dimensional stability and are more energy efficient than wood doors.

Black Venting Doorlites

We now offer our venting doorlites with a black exterior and white interior look! All parts are moulded using 100% black material, ensuring durability and performance and our exterior components are not painted.

"EZ" Lift

Our EZ Lift Vents incorporate a spring assist, making it very easy to operate. No more bending down. Simply unlock and adjust. Available in 2248, 2064, and 2264.

- All precision injection molded parts.
- Spring assist for easy operation.
- Maintenance free.
- Removable screen.
- Full half vent for maximum air flow.

SDL Collection Simulated Divided Lites

Our simulated divided lites have just one piece of glass with removable muntins (grills) attached to both the interior and exterior of the seal unit glass, and is installed with a strong adhesive BH tape. The PVC extrusion is available in smooth and wood grain texture, and is available in 7/8" wide or 1 1/4" wide. Our standard Colonial Grill will enhance the look of your door, with an optional square flat look that will give you that modern look you desire.

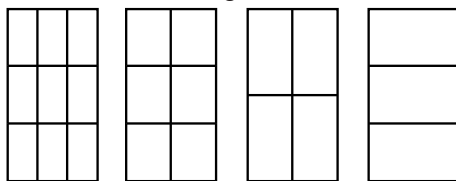

Colonial SDL
PVC: 7/8" or 1 1/4"
Wood Grain: 1 1/4" only.

Contemporary SDL
PVC: 7/8" or 1 1/4"
Wood Grain: 1 1/4" only.

Light & Privacy Control

Easy to Operate

Whether you're looking to enjoy the outdoors or need to turn off the outside world, the perfect levels of light and privacy are yours to control. Our superior easy glide system allows our blinds to tilt completely closed, keeping you safe from prying eyes and unwanted light. The full privacy channels eliminate light gaps, shadows, and sunlight glare.

The levels of light and privacy in your home are yours to control using our EasyGlide Operator which slides along the Ergo Track using Sure Connect Magnets. The ergonomically placed operator lets you raise, lower and tilt your blinds the entire length of the doorglass with only the slightest movement. No reaching or stooping is needed to adjust the blinds. An innovative design results in stacked blinds that take up the smallest of space at the top of the doorglass when fully opened.

High Security Flush Bolt System

IT WILL SECURE THE TOP AND THE BOTTOM OF THE INACTIVE DOOR SLAB

THE ADVANTAGES

- None handed, easy to reach and operate
- Lever will give more leverage locking the shoot bolt into the striker cup
- 20mm stainless steel faceplate can be installed after finishing the door
- Adjustable backset (rod depth) 24-33 mm. Accommodate different astragal thickness from 1/2" to 1 1/8"
- Two set screws capture each rod securely in place, no threaded rods are required
- 10mm rods extend 25mm (1")
- Straight rod cut off from the hookup side, no grinding tip or retreading required
- Fixed rod sizes available for standard doors
- For doors up to 11' height
- Nylon guide for top and bottom rods
- 304 stainless steel top and bottom reinforcement plates to support the rods
- Easily accessible rod height adjustment
- Adjustable top and bottom striker cups: in and out 1mm, sideways 6mm. Two height sizes 22 and 27mm

Pull Bar Hardware – Multipoint

SIMPLY CLOSE THE DOOR

By simply closing the door the upper and lower latchbolts will instantly engage.

By turning the key from outside or the knob from inside it will engage the central deadbolt and block the top and bottom latchbolts to become a 3-deadbolts locking system.

Optional Dana Smart Lock

Use with smart phone, or Dana Pad, or both.

Magnet Lock

Pull Bar Hardware – Standard

Standard pull bars will come with 2 magnet latches for standard height doors and 3 magnets for 8ft systems that will keep your door closed. The pull bars are screwed in at the top and bottom of the pull bar to give you **durability** and **strength**. These pull bars come on the inside and outside of your door and will accompany any dead bolt you decide to use. Dead bolt is not included with pull bar and would be purchased separately.

LIFETIME WARRANTY AND CONDITIONS

10 YEAR LIFETIME WARRANTY (LIMITATIONS APPLY, PLEASE READ CAREFULLY)

- **Northern** warrants that each door is free of manufacturing and / or material defects for the 10 year period (lifetime of the product) under normal use and service, subject to the limitations and conditions described herein.
- This warranty covers only manufacturing and material defects and does not cover defects or damages caused from faulty installation and / or other non-manufacturing or material defects described herein.

WARRANTY CONDITIONS AND LIMITATIONS

- These warranties only apply in respect to products used strictly for the purpose they were intended.
- **Northern's** liability is limited solely and exclusively to repair or replace at the option of **Northern Lights & Doors Inc.**
- **Northern** reserves the right to discontinue or change any door and / or door product(s) that were previously manufactured but that has now become obsolete from our suppliers.
- No warranty work will be done without the customer providing proof of purchase.

FACTORY WHITE STEEL DOOR PANEL

- All steel door panels will come with a 10 year limited warranty and will not warp, buckle, rust or delaminate in normal residential use.

GRAINED FIBREGLASS DOOR PANEL / SMOOTH FIBREGLASS

- Our grained door panels will come with a 20 year limited warranty and will not warp, buckle, dent or delaminate in normal residential use.
- Our smooth door panels will come with a 10 year limited warranty and will not warp, dent or delaminates in normal residential use. Small imperfections may be noticeable when painting smooth fibreglass panels and are not considered a defect in the workmanship.

GLASS AND FRAME WARRANTY

- All sealed units will have a 10 year pro-rated manufacturer's warranty against seal failure.
- Minor caming discolourations, over time, are characteristics of all fine hand crafted glass and are not to be considered defects. Standard industry rule is that imperfections must be visible from a distance of 3 feet in order to be considered an imperfection.
- Glass breakage is not covered under warranty.

HARDWARE

- All hardware will come with a lifetime mechanical warranty and a 5 year finish warranty. Premier Series will come with a lifetime mechanical and lifetime finish warranty. **Northern** will supply (but not service) a new replacement lock from the manufacturer.

FACTORY PAINTING / STAINING

- Factory painting and staining will come with a 5 year warranty against peeling, imperfections or uneven discolourations in the paint or stain.
- Exposure to sunlight, air pollutants and normal atmosphere conditions may cause paint / stain to fade. This is not covered. Please see below for exclusions.
- Stained doors should have a clear coat applied every 2 years to maintain the richness of the stain
- Using these products behind a storm door will cause damage from excessive heat build up, which will damage frame and will void warranty.

EXCLUSIONS:

The following are excluded from coverage under these warranties:

- Labor Costs (after 1 year).
- Air or water leakage or any other damage or malfunctions due to improper installations.
- Use of door system for a purpose not intended by the manufacturer.
- Damage from cleaning with harmful solutions.
- Exposures to sunlight, air pollutants and normal atmosphere conditions that may cause vinyl surfaces to gradually fade, chalk or have an accumulation of surface dirt or stains. These are normal occurrences and are not covered under these warranties.
- Any damage caused by wind, hail, lightning or other acts of nature, intentional acts, accidents, negligence or exposure to harmful handling or installing.
- Condensation on inside of doors which occurs as the natural result of humidity within the house or building area and any change in outside / inside temperatures.
- Using these products behind a storm door will null and void warranty due to excessive heat build up.
- Warranty will be null and void if product is altered or modified in any way.

A fee will be charged for any inspection determined not to be the responsibility of **Northern Lights & Doors Inc.** No service work will be performed unless products are paid in full and account is current.

SERVICE (1 YEAR)

- Northern Lights will service all products for 1 year. After 1 year Northern Lights will supply only (but not service) any new replacement parts that are covered under warranty by the original manufacturer.

MAINTENANCE AND CLEANING

- Clean all surfaces using a clean, damp cloth. Do not use harsh or abrasive cleaners.
- Weatherstripping may become damaged or worn over time and contributes to heat loss and air infiltration in your door system. Check weather stripping to make sure it is not damaged or worn. If it is, you can contact your **Northern Lights** dealer to purchase replacement weatherstripping.
